Hi

We have had problems getting the angle topped wave curtain (that you made) to work/fit – well you live and learn!!

We will return to you the voile curtain and ask that you change it into the following:

Double pleat header - tape length when pleated 2940mm angled

2165mm drop

= PLEASE CORRECT to this dimension. we have placed pin where needs adjusting on short side. The drop then needs correcting. Thank you

Returned to be adjusted. the width hasn't been changed so drop at shorter end therefore wrong.

I hope that makes sense.

Many thanks

Leeana
