Bedroom

Sanderson Becket Caraway Green DYSI236730 135/23

1 pair curtains, BLACKOUT lining, interlined, **double** pleat

Pole width – 180cms

OD – 232cms (to floor)

2 curtains x 1.5 width in each

3 cuts $(232+23)/23 = 11$ repeats(23)= **7.6m**

1 roman blind, BLACKOUT lining, interlined *white synthetic* *right hand control*
Inside recess

RW – 96.5cms

RD – 88.5cms

1 width fabric x 1m

Sitting Room:

Morris Strawberry Thief DM6F220314 137/53

2 x straight pelmets, 2 pairs curtains

Pelmets:

LEFT

130 + 2 returns 19

RIGHT

136 + 2 returns 19

Depth = 35

use 3 cuts for both pelmets by 1 pattern repeat

= $3 \times 53 = 1.6m$

2 pairs of curtains, lined, interlined – **double** pleat

Finish width
77cm each.

90. 70.

LEFT

RIGHT

TW -130

TW - 136

Say 75 and 75

say 78 and 68 + springback.

(these widths are because the right hand window's right hand curtain can only go beyond the recess by 10cms - all others should go beyond by 20cms)

OD - 230

OD - 234

[drop ceiling to floor 236

Make left hand curtain slightly shorter
240]-

2 x (75+15)=1.5 widths ea

1.5 widths ea

So 6 cuts x 5 repeats 53 = **16m**

So **17.6m** needed all together

[nb. there is 18.6m here!]
