Main Bed Fascia and Fixing frame for Blind		Emanuel's Interiors, Special Instructions: White Window film B/O to go onto glass, the same shape as the fascia created for fixing the AO40 rake shaped blind. Wood frame painted white installed and then either a fabric covered templated fascia, or a pvc white much like the window. We will be looking to create a rake shape and thus frame the apex slightly to accomodate the motorised blind. There will still be some amount of window , just the loss of the apex and around 30cm down. This will need further discussion to obtain the true price but the price listed is a near match based on material and labour.	1	291.67	291.67
