Lounge Skylight	Cellular	Location: Lounge Skylight, Blind or Recess: Blind Size, Price Chart: Window Group 1 Band B, Control Model Type: PB10 - Roof, Motorisation: Somfy 25 RTS 12v Motor for Rectangular Roof blind with Rechargeable Battery Pack, Somfy Solar pack, Rail Colour: White Rails, Further Instructions: Colour to resemble that of the current blind installed. Neutral room darken Tan / Ecu. Current blind build has not been done to standard. On inspection, after attaching the battery pack and driving the motor, it was labouring from the get go. This is really down to the spools being loose and the cord making its way off the spools and onto the rotating rod. This in turn had created a series of knots and more than likely the reason the blind would exhaust power , due to the pressure on the motor. The current blind has only 2 grommets which are on their own supposed to hold the rod, spools, motor etc intact. This has failed and resulted in some of the cord fraying within the spools. My build would not require the 'cat gut' cording which for that size blind is over kill and not called for. We would use micro cable and it would look a lot more stream lined.	1	656.00	656.00
