Dear Helen

I popped in on Saturday and asked about making and fitting a unlined curtain to cover this run of washing machines etc in a utility/garden room at 52Island Wall, Whitstable. Pics attached of rather messy looking room, sorry!

1. Can I just confirm a few details?

The track would be 180cm wide (final dims tbc) and the drop from the underside of the counter top to the floor is 87cm (final tbc) but from this I assume you would be able to calculate the finished curtain size, allowing for the track height etc.

1 no flange track @ 180cm £45 inc VAT ✓

1 no singles curtain (unlined) £45 inc VAT ✓

What would you suggest as a heading for this? ✓

We are using a stripe fabric (bit like a ticking) and I have ordered 2m It's cotton and reversible and 142cm wide

1 no fitting charge £45 inc VAT ✓

Once all confirmed I will send you a PO and we can get the fabric over to you

2. I would also like to ask if you can make some cushions too –

Ideal feather inners (not foam) – ✓
