Gary Emanuel notes:	Specials	Room: Gary Emanuel notes:, Thank you for taking us up on the project. It was a long time back when we first surveyed the job with Mr Gadd. I hope he is on the mend. Costs have gone up across the board, this is reflected in our industry with raw material, including motors, metal and fabrics. I have assembled some of the best motors I can offer that will last years to come along with very good commercial fabrics which will darken the room when required and cool down the room as and when warranted.Special InstructionsThank you for taking us up on the project. It was a long time back when we first surveyed the job with Mr Gadd. I hope he is on the mend. Upper Hall windows Angled Timber	Specials	Emanuel's Interiors, Room: Upper Hall windows Angled Timber, Special Instructions Timber 120mm x 50 x 3000mm - Each window to have a square recess created for the roller blinds by use of an angled timber section, sprayed in workshop white. Further support timber fixed to the rear of the battens for added fixture in the recess of the angled windows. This helps with the weight of the blinds with the motors.	10
