Good afternoon,

I purchased horizontal blinds from you on 29 October 2024 (fitted around 30th). *fitted 30/10/24.*

Unfortunately, the blinds do not 'click' to stay up. The blinds rest on the window shelf. When the cord is pulled, the blinds bend and do not stay horizontal. Photos are attached.

I called into the shop and was told to submit photos via email.

Please have someone call to fix the defective blinds.

Thanks,

Keith Henderson
