SHIPPING INSTRUCTIONS

Please follow these instructions when shipping goods or materials related to Helix Energy Solutions Group Inc (herein referred to as the company) purchase orders. The promise date listed on each line item of the purchase order is the committed delivery date of the supplier to the delivery location. Your performance in meeting this commitment will be measured and reported to executive levels within the company. The company's Global Supply Chain will be monitoring performance and compliance to these standards, and will be a determining factor in the evaluation of the support and performance of your company.

1) Safety: The supplier has the responsibility to make sure that all shipments are handled, loaded and unloaded with safety as the first priority.

2) All shipments, must be packaged, manifested, labeled, and placarded in accordance with all applicable local and international requirements. Shipments of hazardous materials must comply with 49 CFR, IATA, IMDG, and any other applicable international and local regulations. Nothing in this document relieves the shipper or carrier of meeting their obligations in these regulations or any other regulation that governs the shipment.

3) The supplier is responsible for ensuring on-time shipment to the exact "Ship To" address indicated on the purchase order. The company has authorized receiving locations globally, including third-party logistics providers. The purchase order is a contractual document and your responsibility as a supplier is to comply with the purchase order terms and conditions. Any questions related to specific shipping terms or the actual "Ship To" location should be directed to the company's Buyer indicated on the purchase order.

4) Shipments to the company's receiving locations should be arranged with the most cost-effective methods, utilizing standard, non-urgent modes, unless otherwise instructed by the company's Buyer listed on the purchase order.

5) Packing Slips:

- SUPPLIERS MUST PROVIDE A PACKING SLIP FOR EACH SHIPMENT.
- PACKING SLIP SHOULD BE AFFIXED TO THE OUTSIDE OF THE SHIPMENT IN A DOCUMENT POUCH.
- PACKING SLIP SHOULD CONTAIN A LINE ITEM DESCRIPTION AND COUNT OF EACH ENCLOSED ITEM.
- PACKING SLIP MUST REFER TO THE COMPANY'S PURCHASE ORDER NUMBER.

6) The company has selected various third-party logistics providers to represent them and perform receiving, warehouse, and freight forwarding functions on behalf of the company. Under no circumstances does this document authorize you to ship orders to any of these locations unless indicated on an approved purchase order. Please contact the company's Buyer indicated on the purchase order and or the company's Logistics department if you have any questions.
