Subject: Bespoke Blind: Middlemuir House

Good Morning,

I've been asked to email over a few pictures of our custom blind. We would appreciate someone to come back and move the blind closer to the window frame. The window itself is fixed and doesn't open therefore this is completely possible. We are finding the blind is too far away from the window frame and letting in too much day light and waking up our daughter. As you can see from the pictures it's meant to be black out and although we understand it can't be a 100% black out it really does let in too much day light. We've tried to persists but at this point we are desperate.

The order was under my husbands name 'Mark White', Middlemuir House Methlick, Ellon AB41 7DB.

Kind Regards

Lisa White
