Afternoon,

Further to a call made yesterday and blinds which were fitted on Thursday 3rd April.

Upon measuring I was advised the Roman blind would include a boxed in style fitting. I recall this as I wasn't clear what it was but searched whilst the fitter was here to confirm. The blinds installed do not include this.

I've also noted the following in the blinds. Photo's included for reference.

1. Pink blind has 2 stains
2. Gold blind doesn't seem to fit well & has loose threads
3. White/Gold blind has numerous loose threads and uneven fitting at bottom

These areas weren't noted at the time of fitting as my partner allowed entry however wasn't aware on the order. Due to travel over the weekend I had only a chance to email details now.

Welcome the opportunity for you to review and advise how this can be rectified.
