Account No: 88174085  
Old Bank Winchester NatWest  
IBAN - GB73NWBK55812688174085  
Bic/SWIFT - NWBKGB2L*

## Description

*For card payment please contact your Sales Designer who will send you the invoice/link to pay online.*

### *Additional Charges*

*Please note that that we cannot survey until all structures that affect blind measurements are in place (e.g. plasterboard & plaster, joists, window sills, skirting boards, tiling, architrave etc.).*

*When the blinds are installed, all plasterboard work, floor work and decorating must be complete unless otherwise agreed in writing. In order to prevent damage to the blinds, the environment must be entirely dust free and watertight. The customer is responsible for clearing the room in which survey or installation is to take place and to allow reasonable access for work. If any of the above is not adhered to additional charges may apply.*

*If any changes are made by the client after the survey, or any agreed building requirements are not put in place by the client prior to installation resulting in a problem with the products, any extra work required from this will be chargeable to the client.*

### *Access*

*Access equipment for installations over 3600mm off floor level or specialist requirement is not included in the quote and will be required to be provided by the main contractor.*

### *Power Supply and Wiring*

*240V fused spur to be provided by the client/main contractor prior to installation. Price includes for concealed low voltage wiring during construction of the building provided the products are ordered in sufficient time.*

### *Controls and AV Integration*

*Unless stated, our proposal does not allow for any products to enable blinds to be controlled by a 3rd party AV control system. Pricing for this will be provided once the specified requirements are confirmed by the AV company responsible for the integration. Pricing allows for the commissioning of blinds.*

### *Blindspace Installations*

*It is recommended that the blinds and Blindspace products are ordered together to ensure that the end result can be project managed and guaranteed by Grants Blinds and not subject to change of specification that may affect the dimensions required.*

*Design for inclusion of Blindspace remains the responsibility of the client or the clients' representatives.*

### *Delivery Timescales*

*Blindspace: Standard profiles stocked in the UK 1-2 weeks from signed returned schedule.*

*Custom imported made to order profiles 8 weeks from signed returned schedule.*

*Blinds: 8 weeks from survey & all options confirmed by the client e.g. fabrics / RAL colours.*

*Please note we work to these timescales to the best of our ability, on occasion events occur outside our control that can cause delays.*

### *Main Contractors Discount*

*Has not been included but will need to add to pricing if required.*

### *CIS scheme*

*Blinds & curtains are not part of the CIS scheme.*

## Conditions of Sale

1. These are the conditions of sale of orders placed with Grants Bespoke Blinds, known hereafter as Grants
2. The customer shall be deemed to be the person, limited company or other organisation which placed the order with Grants
3. All goods sold by Grants are sold by sample and represent product of typical quality. Grants has a process of continual improvement, which means that changes may be witnessed between the samples and products supplied. If specific product details are of importance these should be noted on the order form at the time of placing the order.
4. The products supplied by Grants are typically painted, stained or dyed. As with all such processes a shade variation can be expected between separate batches of product and occasionally a variation with material within the same batch, particularly where the natural grain of wooden products is visible. Precise colour matches cannot be guaranteed. Some splitting of the Pinoleum weave may occur during manufacture.
5. Grants accepts orders for supply and installation subject to a site survey, separate from the initial zoom call/visit of one of our sales representatives and reserves the right to refuse orders and return any monies paid by the customer, or request a change in the value of the order, following this site survey or where errors in specifying and costing the order have been identified prior to or following survey. Grants cannot be held responsible for the costs or impact order cancellation by Grants.
6. Expected installation date will be a 3 month window from when the order is placed and the survey is completed and subject to installation of any concealment products. Where completion is more than a year from order date a 6% surcharge may be applied.
7. Where projects that are delayed by the client, Grants reserve the right, even though manufactured has not been to increase prices at any time in line with any inflation or increasing costs we have received, typically 6% per year or part thereafter. At survey the client is required to sign off the final specification and scheduled installation commencement date. Once goods are manufactured we will require the interim and balance payments to be paid if the client delays installation completion. Due to the unusual and specialist nature of many of the projects, delays in completion and/or installation are inevitable and, unless agreed at the outset, no penalties can be applied by the client for the need for time, visits or inconvenience.
8. Mains power (fused spur) will be required to be brought to required positions by the client/clients contractor and is not covered within the pricing proposal. Grants will liaise/provide wiring diagram for concealed wiring and will commission the blinds using provision supplied. Any wiring by grants will be surface mounted within conduit unless otherwise agreed in writing with Grants prior to the order being placed.
9. The customer may not alter or change the detail of an order after manufacture has commenced. Should the order need to be changed at this stage the original order will need to be paid for and any additional costs for the changes will be in addition to the original order.
10. Delivery periods quoted by Grants at the time of order are as a guide and commence from the receipt of a signed order with full deposit and completion of survey. Grants shall use its best endeavours to complete the order within the time specified. Once the delivery period has elapsed the customer has the option to request their order be considered 'Time of Essence', to be delivered in writing by registered post, in which case, Grants has six weeks from the receipt of this notice to commence supply of the product. Failure to meet this deadline will result in the cancellation of the order and return of the deposit to the customer. If a customer refuses a date for supply offered by Grants, then the customer accepts that their option to cancel the order under 'Time of Essence' is removed.
11. If the customer requests a delay in the delivery of the product after manufacture, Grants reserves the right to request payment of the balance of the order in full unless otherwise agreed on proof of the goods have been made and are ready for installation.
12. All goods remain the property of Grants until paid for in full and Grants reserve the right to repossess the goods in the case of default by the customer. In the case of repossession the product will be removed, leaving fixing holes or modifications to the building which were required to install the product, any rectification of which will be the sole responsibility of the customer.
13. Grants provides a Guarantee for the products it undertakes to supply and install in respect of defective workmanship and defective materials. This Guarantee is subject to the customer maintaining the product appropriately and allowing for fair wear and tear. This Guarantee specifically excludes changes in the shade of dyed, painted or stained surfaces due to the effects of light, including where such treatments have UV resistance. It also excludes damage or issues resulting from improper use such as letting the blind down onto an obstruction causing the issue, or leaving them blinds down when the window is open. For standard installations and locations, whilst all parts are replaced free of charge during the five year guarantee period, a charge of up to £250 will be applied to all service calls made after the first 2 years. This Guarantee can be transferred to the new owner of the property in which the product is installed. The Guarantee periods are specified on the order form.
14. For overseas installations (non mainland Britain) will be subject to a charge to cover all travel & associated costs including travel time for all service visits following the initial installation visit. Parts will be covered by the warranty and if appropriate replaced free of charge during warranty period.
15. All installations over 3.6m in height and or those that require specialist equipment for access will be subject to a charge to cover all associated costs to access blinds, including second man where appropriate. Parts will be covered by the warranty and if appropriate replaced free of charge during warranty period.

16. For awnings orders it is vital that customers correctly identify that the installation property is not of timber frame construction/of suitable construction for an awning to be installed. Awning should not be fitted to such properties. Any resultant damage to the property or the awning is specifically not covered by the Guarantee, and it is accepted by the customer that Grants are not responsible for resultant costs.
17. Grants supplies tailor made products which cannot be utilised by other customers and so have no residual value in the case of a breach of contract with the customer. A minimum deposit of 50% of the total order value is required at the time of order, unless stated otherwise. The customer understands that the deposit shall be forfeited to the company where the customer is in breach of contract and that Grants' right to damages is not limited to the deposit amount, but will be the total loss to Grants resulting from the breach of contract by the customer.
18. An interim payment of 40% is required minimum of 7 days prior to installation unless stated otherwise. The customer understands the deposit shall be forfeited to the company where the customer is in breach of contract and that Grants' right to damages is not limited to the deposit and interim amount, but will be the total loss to Grants resulting from the breach by the customer.
19. The balance of the price of the order is due on arrival to install the blinds and must be paid prior to installation where requested and not later than on completion. payable upon substantial completion of the order ('delivery' for supply only, and installation' for supply and installation). If the balance is not paid within 7 days of this date then invoices will carry interest at 3%/month above the current Bank of England base rate.
20. The customer is responsible for clearing the room in which survey and/or installation is to take place to allow reasonable access for work to be carried out. Where a representative of Grants undertakes such clearance or is delayed by the customer, then Grants reserve the right to make a charge of £55 per hour (or part thereof) being reasonable additional charges for the site not being ready.
21. All non-Zip blind products in Blackout material will have light seepage
22. Honeycell Duette Free Hanging blinds can present up to a 2% twist in the fabric, this is an inherent potential fault with the product and we can't be held responsible for this should twisting occur.
23. Battery operated blinds are not covered by 2 year free service calls and call out charges are applicable once installation is complete. The parts do have a 5 year warranty should replacement be necessary in this period.
24. Motorised Blinds should have a clear space below to lower fully without obstruction, if a blind fails due to obstruction the client will be responsible for call out fee and any costs for repair.
