Additional Charges

Please note that that we cannot survey until all structures that affect measurements are in place (e.g. plasterboard & plaster, joists, window sills, skirting boards, tiling, architrave etc.).

When the products are installed, all plasterboard work, floor work and decorating must be complete unless otherwise agreed in writing. In order to prevent damage to the products, the environment must be entirely dust free and watertight. The customer is responsible for clearing the room in which survey or installation is to take place and to allow reasonable access for work.

If any of the above is not adhered to additional charges may apply.

If any changes are made by the client after the survey, or any agreed building requirements are not put in place by the client prior to installation resulting in a problem with the products, any extra work required from this will be chargeable to the client.
