For card payment please contact your Sales Designer who will send you the invoice/link to pay online.

If survey is completed, the products are ordered and installation is delayed by the client, the balance payment is required to be paid.

Prices

Allow for up to a 6% increase in supplier pricing during the expected project completion period (to be stated i.e. Q3/2025) but should raw material or travel cost change significantly due to situations outside our control then further increases may have to be passed to the client.

Access equipment

Will be needed to be provided by the client for survey and installation.

Freight & Shipping:

A provisional sum has been included in the proposal but this may be subject to change at time of despatch due to the current global situation. Additional shipping costs will be charges at cost plus 10%.

Power Supply and Wiring:

1ains power will need to be provided to each mains voltage blind and a single mains power outlet will need to be supplied to serve every 7 low voltage blinds (if applicable) is to be provided by the client/main contractor prior to installation.

Grants Blinds will provide a full wiring diagram & motor information following order.

AV Integration:

This will be discussed following order, pricing includes for a stand-alone system working from remote held handsets and no allowances have been included for integration to the home automation system.

Blindspace Installations:

It is recommended that the Blinds & Blindspace products are ordered together to ensure that the end result can be project managed and guaranteed by Grants blinds and not subject to change of specification that may affect the dimensions required.

Where Blindspace is ordered separately no project management or site attendance is available.

Grants will install the concealment pelmets.

All other Blindspace products are on a supply only basis, following an initial guidance and/or survey by Grants Blinds. Unless otherwise agreed, the contractor will do the installation including the Blindspace covers and not Grants Blinds.

Description

Once installed the areas around the Blindspace boxes will need to be finished off by the contractor, i.e., plastered in and areas painted. The covers will need to be finished off by the contractor after the install and commissioning of blinds.

Where Blindspace is ordered separately no project management or site attendance is available. A standard delivery cost has been included in the above Blindspace prices. Where the required length exceeds 2900mm, Blindspace will cut the boxing into equal lengths prior to despatch. Two boxes can be connected and aligned with 4 splice pins and cover with 1 splice plate which will be included in the delivery. If this is not suitable, we can arrange delivery of oversize orders for an additional delivery cost (POA).

Design for inclusion of Blindspace remains the responsibility of the client or the clients' representatives. Grants do offer a Blindspace installation service and can provide a quotation on a job-by-job basis.

Platinum Service Contract:

We offer a 5-year service contract for an additional fee which covers an annual visit to check and maintain the roof blinds are all in good working order. This service is recommended for Garden Room Shading Products. POA
