Quotation Valid for 14 Days
Prices based on full project - windows ordered separately may be subject to price changes

DESCRIPTION

STYLE:
Screen Roller Blinds

MATERIAL:
1% Iron Grey

ADDITIONAL:
Motors & Fascia

FURTHER INFORMATION:

Please Note:

All prices are fully inclusive of installation & VAT.

Screen Roller Blinds are not a privacy solution. During the evening/night time, if a light is on indoors, you can see in from the outside.

The more dense the weave, the less you can see - however shadows/shapes may still be visible dependent on light.

Your chosen option of 1% is the most dense weave providing the most privacy from the available options.

During the daytime, the effect is reversed.

Screen Roller Blinds are ideal for those with a beautiful view, and are not directly overlooked!

A stunning choice of blind which provides UV protection and offer bacterial and fungal resistance.
