Hi Allison

Thank you for your time on the phone earlier.

As discussed we have secured a project that has 300+ roller blinds from our specification.

I personally have dealt with Rainbow blinds before it was bought out by Sandy over the years. We don't manufacture and always looking to our supply chain.

Our client is looking at samples as soon as next week for sign off and approval.

The specified fabric is from Vertisol, the hardware is a manual system. Which hardware do you currently use?

Could you look at the attached spreadsheet and provide some cost for this project. Please quote on the Alu white bottom bar and a welded pocket.

If you have any questions, please do not hesitate to contact me.

Thanks,

Regards,
