Hiya

No problem at all, the cost will be £76.80 plus VAT

Just let me know when you want someone out to measure

Have a fab day 😊

Hello you

So we did blinds for this client in 2014 I've attached the PO and the photo of the front of the building – she has called to say they have had their entrance way redecorated and would like a new roller blind for the window above the front door, it won't be printed

Can you give me a cost for survey, supply and installation – think it easier if you handle the whole job but I will invoice it, she just wants a price just now so I said we could probably give her a budget cost for her to okay before we go and measure it

Thank you
Lorraine
