FAO Ms Amanda Morain

Ref: DWP CCS Expansion 2020

Dear Ms Morain

Further to your recent enquiry we have pleasure in submitting our tender rates for the supply and installation of new roller blinds and window film as follows.

Roller blinds manufactured in our system 32, 40 and 45 with side control chain operation with the controls fitted to comply with current blind safety regulations. The blind covers shall be manufactured in your clients choice of fabric from the group C range of FR materials.

We do not offer cleaning or refurbishment of existing blinds. More often than not existing blinds do not comply with the blind regulations and therefore cannot be re-installed. We have provided costs to supply new blinds. We would take the old blinds back to our factory where they would be stripped down and separated for recycling.

To supply and install privacy film to the exterior of the glass. The film shall be applied as per the manufacturers written instructions and shall be free from bubbles, cracking or peeling and shall be applied at a temperature of 5 degrees or above and in a dust free environment.

The attached rates do not include for any access equipment required to install the film or blinds.

We hope the above cost meets with your approval and look forward to hearing from you at your earliest convenience.

Assuring you of our best service at all times.

Yours Sincerely
