All prices are exclusive of Vat.

Yours faithfully,

Stephen Boyce,
Contracts Manager.

SHY® ZIP® - Electric Rooflight

SHY® ZIP SCREEN® Electric Rooflight Blind System, consisting of two square head boxes one containing cloth roll and one containing Conston tension spring units with ZIP side channels to the sides. Cloth to have welded SHY ZIP fastener, enabling cloth edges to be held captive within the side zip channel. Blind will open and close normally, without pulling free of the side channels.

85 Box

SHY 2 section extruded aluminium Head Box 85mm x 85mm. Compatible with C33 (33 x 28mm) side channels only.

Standard Zip-Grey (Blackout)

Standard SHY ZIP in grey suitable for Blackout applications.

Rooflight Shelving

It is recommended to build a shelf around the opening with deep cover at the box ends to hide the boxes, so the system can "sit" on and be squared up on the shelf. This will make installation faster, out of square adjustment simpler and improve the finished look of the system. This can either be our system at an extra cost, or something of your own design.

Quiet Motor (hard wired)- Somfy (240V.AC)

Fitted with 240V.AC Somfy Sonesse Quiet Motor installed within the cloth roller. Complete with internal top and bottom limit switches, manually set. Switches are not supplied, please see "Additional Parts Available" for switches, relays and other control options.

Standard RAL Colours

Powder Coating: Standard colours are White RAL 9910 (60-70% Gloss) & Black RAL 9005 (60-70% Gloss.) All other RAL colours or finishes, will be at an extra cost. Should colour or finish not be held in stock, there will be an additional cost of £200.00 + vat to cover minimum order quantity of pigment.

Fabric Welding

In response to the increased use of Low-E and other specialist glass, and in line with our policy of continuous product development, we are increasing our weld strength settings. This will not have any effect on the strength, integrity or performance of the base fabric or edge ZIP® However, the weld line will have more of a gloss appearance due to the increased heating.

Fabric Choice

SHY (UK) has a wide range of sunscreen, dim-out and blackout fabrics within its range, many of which may be suitable for this project. Please do not hesitate to contact us to discuss your requirements in more detail.
