Ref: Roller Blinds Package

Dear Sirs

We have pleasure in submitting our quotation to supply and install 110 nr roller blinds. The conference room blinds shall be electrically operated in our Benthin RM06 system. The blinds shall have the 43mm diameter tube with the motor inserted within the tube. The blind motors shall be the Sonesse 30 RS 485 digital LV motor that shall be operated via the BMS system. All the other blinds shall be manufactured in our RM01 system with stainless steel side control chain operation with the controls fitted to comply with current blind safety regulations. The blinds shall be covered in the blackout material of your choice from our group D range of flame retardant materials. The motor limits shall be set through a test lead. All power supplies to the blind positions and all switching to be carried out by the BMS contractor.
