**Attachments:** Standard Dutch 5.jpg; Standard Dutch 2.jpg; Markilux Pergola 210 Tracfix.pdf

Hi Jessica,

Further to our site visit to the school, the proposed position of where the cassette awnings have to be fitted does not have sufficient structural strength to support awnings of 6 metres wide, you would require to install a framed system like the Markilux Pergola 210 or alternatively Dutch Canopies which are the least expensive option, please see attached photos of Standard Dutch canopies.

Dutch Canopies

2 @ 6100mm wide x 900mm projection,  
operation please add £765.00 plus Vat

Total Cost £2800.00 plus Vat, should you wish electric

Pergola 210 Tracfix (electric RTS Operation)

2 @ 6000mm wide x 2500mm Projection

Total Cost £12,120.00 plus Vat

We hope one of the above options is of interest and should you wish to discuss further please do not hesitate to contact myself.

Best Regards

**Subject:** awning enquiry for special school

Good morning,

I am looking into possible options and costs for awnings to be installed to provide shading to classrooms at a special school located in Edinburgh.

Could you please provide suitable options and approximate costs?

Kind regards

Jess
