FAO Mrs Alison Jermyn

Ref: Coffee Shop Awning, Revised

Dear Mrs Jermyn

Further to our recent visit to the gardens to discuss your awning requirements, we have pleasure in submitting our quotations to supply and install one of the following Markilux awning systems. The awning system shall be manufactured in the RAL colour of your choosing from the standard range. The system shall have electric operation via a single channel hand held remote control and shall also be linked to a Vibrabox wind override facility. The awning shall require spreader plate type B for fixing the awning to the building to alleviate stress on the wall directly below the soffit. The awning shall be covered in the material of your choosing from the Sunvas or Sunsilks range of materials.

### Dimensions

7000mm wide x 3500mm projection

**Markilux 1600 Semi Cassette System**                      **Cost £4,995.00 plus VAT**

**Makilux 5010 Full Cassette System**                      **Cost £6,368.00 plus VAT**

**Markilux 6000 Full Cassette System**                      **Cost £6,699.00 plus VAT**

**The above cost may be subject to change after the 31<sup>st</sup> October 2019.**

You shall require your electrical contractor to provide the power supply to the awning position. We shall provide the Hershmann connection plug prior to installation to enable your electrical contractor to wire prior to installation.

Should you require any further information please do not hesitate in contacting myself.
