Hi Mrs Bond,

Please see the below e-mail response received from the supplier of the fabric you would like to order. It looks as though they are a printing company that print onto various different fabrics, all of which have different fabric widths and specifications. Until you know which of their fabrics you would like them to print onto, they are unable to give us any further information. It's probably best if I leave it with you to correspond with them and then if you decide to go ahead with the fabric if you could let us know the fabric width and pattern repeat, we can work out a price for you.

Kind regards

Kirsty

Hi Kirsty,

Thank you for using Spoonflower!

Can you send me the link to the design, please?

The width depends on which fabric you want to use. You can find a list of all of our available fabrics here: https://www.spoonflower.com/spoonflower_fabrics
