**Notes :** Well, this will likely be the first of a number of discussions about blinds. We had Luxaflex in our previous house and they were great  
 INITIALLY we're looking at conservatory blinds (10 windows plus the pitched ceiling) and we'd like to investigate motorising them too!  
 If there's time, we'd also like to look at a couple of windows that we think need top down/bottom up shades (also motorised)
