To,
 Mrs.Deepali Naidu .

Project : Under Ground Metro, Bombay - PKG 06

Supply installation testing and commissioning of Fire Curtains with Galvanized MS powder coated head top box of suitable size, Powder coated side guides (100mm x 50 mm) and bottom bars with Gravity fail safe DC motors one per roller for curtain up operation with standard battery back-up fixed into 76/88 mm steel rollers with FAB690PU fabric must be according to DIN EN 13501-1 and stainless steel reinforced glass fibre with fire-retardant aluminum pigmented polyurethane coating, with its control panel and all installation assemblies & accessories required to complete the installation. The operation shall be suitable for dedicated 230 volts UPS, 50 Hz AC supply. Complete system tested in accordance with EN 1634-1 and EN 12101-1 (for minimum 240 minutes integrity & tested at 1100°C) with CE certificate from European Notified Body. Both test reports EN 1634-1 & EN 12101-1 must be according to the requirement of particular project, if single roller curtain is there then single roller certificates and double roller curtain is there than double roller certificates must be submitted accordingly. The fire curtain must be according to Classification of Fire Resistance Performance in Accordance with EN 13501-2: 2016. The manufacturer's valid EN certification for oversized fire curtains according to EN 15269-11 covering the sizes of offered fire curtains as per BOQ, should be available. Each Fire Curtain shall have independent control Panel suitable for 230V AC supply, provision to integrate with Fire signal, and battery backup. The emergency retract switch shall be provided on both sides of curtain. The Fire curtain shall reset automatically when fire control panel is reset. Fabric and all components sourced from the original manufacturer who has valid type test certificate of the fire curtain and third-party quality surveillance audit as per above standards including oversize certification according to applicable EN standards. The scope also includes fabrication, supply and installation of closed MS sections corner supports for fixing side channels, design suitable for stability and integrity with two hours fire rating, wherever required for full height of Fire curtain, as per approved design, duly finished with powder coating of finish matching to side channels of fire curtains. All the required test / certificates must be less than 5 Years validity. No mirror certificates allowed

Installation: The fire curtain has fixing options to suit all types of ceiling configurations and can be integrated into either a suspended or a solid ceiling. It remains hidden until required. Upon receiving a signal from the fire detection system or on loss of power with the gravity fail safe system, the curtain automatically unwinds to its operational position.

TERMS AND CONDITIONS

Window Techs India Private Limited

Effective from the date of quotation

1. Acceptance of Purchase Order

A purchase order shall be deemed accepted only upon:

- (i) Confirmation of all commercial and technical terms.
- (ii) Receipt of advance payment via online transfer or demand draft in favour of Window Techs India Private Limited, payable at Haryana.

2. Validity of Quotation

This quotation remains valid for 30 days from the date of issue, unless extended in writing by the Company.

3. Documentation Requirements

All pages of the quotation, including these terms and conditions, must be duly signed and annexed to the Client's official purchase order for validation.

4. Order Specifications

Separate purchase orders are required for supply and installation services.

5. Delivery Schedule

Dispatch of materials, including imported items, shall require a minimum of 2 to 16 weeks from receipt of:

- (i) Clear and technically/commercially approved drawings.
- (ii) A confirmed purchase order.

6. Transportation and Transit

Unless expressly stated otherwise:

- Transportation shall remain under the Client's scope.
- If transit is arranged by the Company, materials will be insured only up to the delivery site.
- If materials are sent on a "TO PAY" basis or transit is under the Client's scope, insurance during transit and at the site shall be the Client's sole responsibility.

7. Material Handling at Site

- Unloading of materials at the site shall be carried out by the Client.
- Upon delivery, the Client is responsible for arranging secure and lockable storage at their own cost.

8. Payment Terms & Details

Payment Schedule:

- 50% advance along with the purchase order.
- Remaining 50% before dispatch of material.

Bank Details:

- Account Name: Window Techs India Pvt. Ltd.
- Bank: HDFC Bank Ltd.
- Account Number: 50200044688712
- IFSC Code: HDFC0001568
- Branch: Sector-15, Faridabad
- PAN: AABCW1291M
- UPI ID: windowtechs@hdfc

Payments may also be made via QR code

9. Site Readiness & Utilities

- All civil or structural modifications required for installation must be arranged by the Client.
- Scaffolding, scissor lift, or boom lift, if required to complete the work, shall be provided by the Client.
- The Client is also responsible for providing electrical connections at all installation locations.

10. Third-Party Installations

The Company assumes no liability for any damage or malfunction resulting from installation performed by third parties.

In such cases:

- The cost of replacements and services shall be borne by the Client.
- Work will resume only upon full payment.

11. Taxes and Levies

All applicable duties, taxes, and levies shall be charged extra over the basic price and calculated as per prevailing rates at the time of dispatch.

12. Product Warranty

Window Techs India Pvt. Ltd. warrants its products to be free from defects in workmanship or materials for a period of:

- 13 months from the date of dispatch, or
- 12 months from the date of installation, whichever occurs earlier.

Warranty Conditions:

- Applies only under normal usage and proper maintenance.
- Defective parts will be replaced free of charge.
- This warranty supersedes all other express or implied warranties.
- Manufacturer's liability is limited to replacement of defective components only.
- Consequential damages are not covered.

13. Force Majeure

The Company shall not be held liable for delays or non-performance resulting from circumstances beyond its control, including but not limited to natural calamities, strikes, lockouts, civil unrest, or other force majeure events.

14. Jurisdiction

All legal disputes arising under or in connection with this agreement shall be subject to the exclusive jurisdiction of the courts of Faridabad, Haryana.

15. Order Cancellation & Modifications

- All orders are considered customized. In the event of cancellation after advance payment, the advance shall be non-refundable.
- Requests for specification changes must be communicated within one week from the order date or before production starts, whichever is earlier.

16. Retention of Title

All goods supplied shall remain the property of Window Techs India Pvt. Ltd. until full payment is received.

The Company reserves the right to remove installed goods in case of non-payment.

We trust the above terms and conditions align with your expectations.

Should you require any further assistance or clarification, please do not hesitate to contact us.

We look forward to receiving your valued order and fostering a successful business relationship.
