NOTES	Product: NOTES, Notes and description of work: There are at least 55 windows which are split into 3 blinds which works out much more for manufacturing and extra components. To compensate for this we have over estimated the sizes on the small windows so please ignore all sizes shown at this stage. To enable us to manufacture we will require a site visit once all the windows and sills are installed and plastered. We estimate that there will be 204 blinds required. If this amount alters either way it will not make a difference to our quotation.	1	0.00	0.00	0.00
