-Installation Notice-

Our surveyors and installers will, where possible, avoid fixing blinds directly to window frames and may recommend our screwless range. However, in some cases - particularly with large windows, doors, or conservatories - direct fixing may be unavoidable. We advise you to consult your window or door supplier before installation and to notify within 72 hours of accepting your quotation if you do not wish us to fix blinds directly to your frames. The company will ensure that no parts of the customers property suffers any damage as a result of our services, and the company will make good any damage that may occur but cannot accept liability for any pre-existing faults or damage in or to the customers property that we discover while providing our services. The customer is responsible for all re-decoration.
